

GOVERNMENT OF BERMUDA

Request for Proposal for Technical Consultant for  
Integrated Resource Plan Evaluation

Ministry of Transport and Regulatory Affairs

### **Addendum #1**

17<sup>th</sup> May 2018  
DOE2018-01

Dear Respondents

The following addendum supersedes information contained in the RFQ to the extent referenced.

This Addendum forms part of the RFQ documents and will be subject to all of the conditions set out in the contract conditions.

This Addendum # 1 contains 1 pages.

#### **Part 1 Invitation and Submission Instructions**

General Clarifications

In 1.1, we note that the successful bidder will be required to:

- provide an analysis of the various options identified in the draft IRP to confirm whether there is sufficient data to support the preferred option for the procurement of generation;
- review the TD&R licensee's proposed generation procurement process within the context of the Electricity Act 2016; and
- examine the current electricity sector in Bermuda and make recommendations for the most suitable generation portfolio in the context of the proposed IRP

#### **Part 3 Terms and Conditions of the RFQ process**

General Clarifications

For the avoidance of doubt, the words 'proponent' and 'consultant' are used interchangeably throughout.

#### **Appendixes**

General Clarifications

The qualifications listed are TSSA 1<sup>st</sup> Class, of PENG, or CEng, or equivalent. If equivalency is proposed, then proponent must explain that equivalency. Experience developing and evaluating IRPs is preferred, and engineering and consulting experience is required.
