

# Quarterly Bulletin of Statistics

## Q3 2018 Highlights

### Imports

- Total imports increased 12.6 per cent to \$275.4 million year-over-year (**See Figure 1; Table 1**). Seven of the nine commodity groups recorded higher imports year-over-year with the largest increase of \$12.7 million recorded in the Fuel imports category. Imports of Machinery was \$12.0 million higher due mostly to industrial machinery.
- Imports from the United States of America increased \$36.0 million compared to the third quarter of 2017 (**See Table 2**). Imports from the United Kingdom increased \$1.6 million while the value of imports from the All Other Countries category rose \$0.7 million. In contrast, imports from the Caribbean and Canada declined \$4.3 million and \$3.2 million, respectively.

### Employment Income by Industry

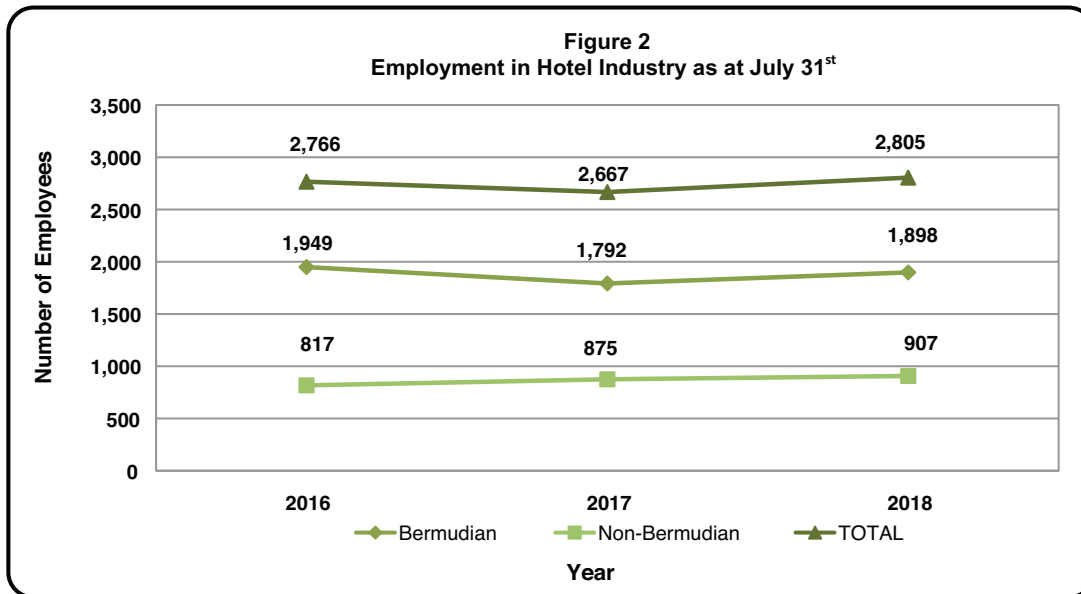

- Year-over-year, employment income increased 1.4 per cent or \$11.5 million (**See Table 3**). The Hotels and Restaurants sector and the All Other sector both recorded the largest increases in remuneration of \$3.9 million each. Other notable increases in employment income were recorded in the Banking, Insurance and Real Estate sector which rose by \$2.9 million and the Construction sector which grew by \$1.9 million.

### Arrivals and Expenditure

- The Island hosted 94,966 air visitors during the third quarter of 2018, an increase of 5.1 per cent when compared to the same period of 2017 (See Table 4). Estimated total expenditure by air visitors was \$144.6 million which was 3.5 per cent higher year-over-year (See Table 5). Visitors spent \$6.8 million more on Accommodation and Food. In contrast, expenditure on Shopping, Entertainment and Transport, etc. was \$1.8 million lower.
- During the third quarter of 2018, a total of sixty cruise ships visited the Island carrying 190,115 passengers (See Table 4). In comparison, sixty-four cruise ships carrying 200,455 passengers visited Bermuda’s ports during the same period in 2017. During the month of September 2018, six cruise calls with an estimated 13,900 passengers, cancelled their scheduled visits to Bermuda in an effort to avoid the path of Hurricane Florence. As a result, total estimated expenditure for cruise passengers in the third quarter 2018 decreased by 4.0 per cent to \$30.8 million (See Table 5).

### Hotel Employment and Hotel Gross Receipts

- At the end of July 2018, there were 2,805 workers employed within the hotel industry (See Figure 2). The level of employment increased by 138 employees, representing 106 Bermudians and 32 non-Bermudians.

- Hotel gross receipts totaled \$125.6 million in the third quarter of 2018 (See Table 6). This represented an increase of 4.7 per cent or \$5.6 million year-over-year. Of the total gain in receipts, \$4.1 million was attributed to room sales while food and alcohol sales were \$2.1 million higher year-over-year. In contrast, all other sales revenue declined \$0.5 million.

### Overseas Declarations by Residents

- During the third quarter of 2018, overseas declarations by residents strengthened 8.6 per cent to \$15.8 million (See Table 7). Higher levels of overseas spending were declared for all nine commodity groupings with the largest value increase of \$0.5 million reported for both the Clothing and Footwear category and the Miscellaneous category.
