Re: Capital Project Engineering Support Services for Water and Sewage Section

The Government of Bermuda, Ministry of Public Works is requesting Tenders from qualified Consultant firms to provide Capital Project Engineering Services for Water and Sewage Section initiated infrastructure projects and other related professional services.

The Consultant firm's representative (s) will be required to work under the direction of the Principal Engineer (Water and Sewage) to manage and undertake the planning, design and construction of engineering works for water or sewerage facilities, including investigations and feasibility studies, preparation of tender documents, and site supervision.

It is anticipated that the Consultant will work on average 10 hours per week to a maximum of 500 hours between 1 April 2016 and 31 March 2017. The weekly working hours will be agreed between the parties at the commencement of the contract and reviewed on a monthly basis. The total number of hours may be varied by the Client to meet deadlines and budgetary constraints.

You are invited to submit technical and fee proposals for the above work based on the enclosed Request for Tender including:

1. Instruction to Tenderers
2. Form of Tender and Contract Data
3. Appendices

The detailed Tender in shall be received by the Ministry of Public Works, 3rd Floor Post Office Building, 56 Church Street, Hamilton by **3:00PM, Friday, 26 February 2016**. Documents received later than this time will not be considered

Yours sincerely,

J. Tarik Christopher, P.Eng.
Principal Engineer Water and Sewage Section
for Permanent Secretary
